

**2023/2024 ALA CARTE PARENT APPROVAL FORM**

Extra lunch entrees, extra milk and bottled water may be purchased by students in any grade level. These must be ordered in the morning from the teacher. Students receiving free and reduced price lunches may also purchase extras; however, the prices for extras are the same for all students and **you must put funds in your lunch account** to pay for them. Extra entrees are \$1.50 and bottled water or milk is \$0.50.

The ala carte program for snacks is offered to students in Grades 4-8. All snacks sold meet Smart Snacks nutrition standards instituted by the USDA for calorie, fat, sugar and sodium limits. Students may purchase snack items with cash, or, with your permission, may use funds in their lunch account. The cost for snack items ranges from \$0.25 to \$1.50.

Please remember, if you have authorized your students to use your lunch account for extra entrees, bottled water, extra milk or snacks, your balance will diminish with each purchase. If your lunch balance goes negative, ala carte purchases will be suspended until more funds have been deposited.

To authorize your child to use your lunch account for extra purchases, you may complete the form below and return it to the cafeteria or the school office. Please indicate which option(s) you are authorizing for your student(s).

Thank You,

Beth Greenwell, Food Service Director
